Without doubt The Tamaracks has the best finishing hole #18 that can be found anywhere. Not only is it a challenge for players to finish a good game, but also a great chance to make up ground against your opponent. Another thing that makes this hole special is the wonderful vantage point for spectators to watch the finish unfold. For 42 years there have been fun intended barbs and comments emanating from the top of this hill. The art of crafting the exact right comment was perfected and exemplified by our recently departed friend Greg (BIG COOLER) Roy. Just in time for a Memorial Edition of The Morel Open in May, a permanent enclosure was installed on top of the hill. The hecklin will live on. In tribute to Greg's requirement for a BIG COOLER to facilitate a round of golf, his family has placed a permanent marker on his ACE hole #17.

THE DON, GREGORY & REX WIN THE HOOD

The 12th annual **SISTERS FOR SURVIVORS** was held in July. 46 women decked out their carts and clothes to "RALLY FOR THE CURE". There were a lot of new faces this year and many that have never missed a year. Save the date of Friday July 19th 2024 for a girls day out for a great cause!

The Tues Night Ladies Fun League hit a record number of teams in 2023! 56 wives, mothers and professionals carved out time for themselves every Tuesday night for 10 weeks. (one even having a baby between weeks) There were fantastic rounds played, amazing chip ins and countless laughs this season! CONGRATULATIONS TO SEPTEMBER WARD & ASHLEY HARDY on their 2nd first place finish in 3 years

Word on the street is that J.C & Ryan Colville won the first half when Tugboat Tommy missed an 8" putt on #18. (Coop's snowman on that hole had nothing to do with it) Unfortunately the Colville's didn't fair as well against second half winners Big Dog & Spike. BD's 7 on #18 was just good enough. This is the third league championship for these guys in 30 years (including a championship in the scum suckin B flight in 1996) They attribute their success to the 3:30 warmups at the Airport Bar before their customary 6:10 tee time.

THE "snowman" THIS YEAR WAS A MODEL OF A CHINESE WEATHER (SPY) BALLOON. IT WAS DISCOVERED THAT IT WAS IN POSSESSION OF HIGHLY CLASSIFIED DOCUMENTS SIMILAR TO WHAT WAS BEING FOUND IN EVERY POLITICTIONS CLOSET AT THE TIME. BEFORE HE WAS BURNED HE WAS SHOT OUT OF THE SKY BY THE MISSILE YOU SEE AT THE LEFT OF THE PICTURE.

2025 super bowl 2-9-25 New Orleans

- because WIN or LOSE, we're ALOT more fun!!
2. Our men are golfers,
but our women are good golfers
 3. We've never won a participation ribbon
 4. Well, because you're.....boring.
 5. We are good losers (but VERY bad winners)
 6. You don't have a Heklin' Hut
 7. Our children are above average
 8. There are no hyenas North of James Hill
 9. We obviously dress better
 10. Two Words- AIR HORNS!

NORTH

VS
SOUTH

The 2023 event was held at the Firefly where a raucous battle was put on by the North squad with the help of our "go to" aid; the entertaining, (and some would say, ANNOYING) air horns. Spike, Megan & Lindsey unveiled the TOP TEN REASONS THAT THE NORTH IS BETTER THAN THE SOUTH. 31 matches were played that Sunday for a total of 96 points available. The score keepers (brought in from Georgia) mishandled the ballots, passed them around like they were cocaine, and recounted and recounted.... And came up with the HIGHLY UNLIKELY decision that the North had lost by a single point!! That ties up the series with the match coming back to the friendly confines in Frost Township in 2024....

WATCH OUT PIONEERS!!!

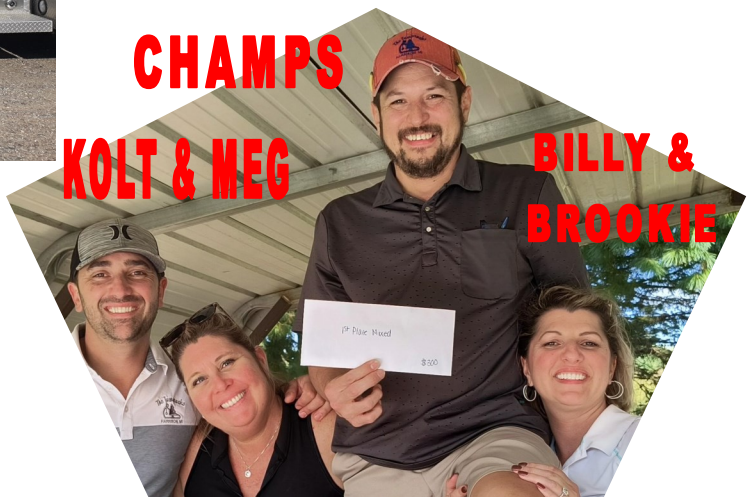

The 2023 edition of the MOREL OPEN was a little bit special. Nearly 200 friends of Greg Roy got together on a Saturday in May that was without weather to pay tribute to the BIG COOLER and to raise money that will help Harrison seniors achieve their way to a career in the trades.

The first FIREMANS SCRAMBLE went off without a hitch on 9-23-23
